

	<h1 style="margin: 0;">QUALITY POLICY</h1>	Document No	PL-001
		Rev. No	0
		Rev. Date	23.12.2025

As an organization engaged in the design, manufacturing, assembly, sales, technical service, and spare parts supply of industrial laundry systems (washing machines, dryers, ironing machines, feeding and folding equipment), we operate with a customer-focused, environmentally and socially responsible, and sustainability-oriented approach.

In this context, we adopt achieving excellence in quality management system performance and continuous improvement as our fundamental principles. Our Quality Policy supports the strategic direction of our organization, encourages employee involvement, and aims to meet the expectations of all relevant interested parties.

We commit to full compliance with applicable legal and other requirements, customer requirements, and the demands of interested parties. We identify, monitor, and take actions to eliminate risks and address opportunities that may affect the achievement of our quality objectives.

We believe that quality is the shared responsibility of all employees. Together with our employees, suppliers, and business partners, we aim to promote quality awareness and operate in accordance with the same high standards.

We regularly review our management systems, monitor performance results, and ensure transparency by sharing relevant information with internal and external stakeholders through appropriate methods.

To achieve our quality objectives, we:

- Implement a quality management system in accordance with the ISO 9001 standard.
- Measure customer satisfaction, analyze results, and carry out continuous improvement activities.
- Conduct risk analyses to ensure product safety and durability and take customer feedback into consideration.
- Continuously support training activities to enhance our employees' quality awareness and competence.

In line with our quality approach, we commit to complying with all applicable legal and other requirements, continuously improving our management systems, and maximizing customer satisfaction.

This policy is maintained as documented information within the management system, communicated to all employees, ensured to be understood and implemented, and made available to relevant interested parties.

Issued by: Top Management

Target Audience:

Quality, Environment, and Occupational Health & Safety Representatives, All Employees, All Stakeholders
